Dear Lovell Recreation Participants:

Our spring sports season over and our school systems are nearly closing for summer vacation. Families are planning vacations close to home and some far away. It seems everyone is busy, and many of us are wondering just how can we (the family) fit one more activity in...or not. Many important choices to make for the health and well-being of you and your family, and we of Lovell Recreation are happy to be a considering factor in your healthy decisions. We may not have everything you need, but we are trying....and your input is valuable to us.

The Lovell Recreation Department will once again try our best to provide you and your family the best summer programs available, by selecting the most caring instructors and providing them the proper resources to deliver their program with a FUN and professional attitude. We thank and applaud them, and your gratitude to them personally as well ensures that their positive experience is nearly if not equal to yours.

The following booklet is what is in store for our 2011 summer season. Feel free to call me at 925-1084 if you have any questions. And thank you for fitting us in your summer planning.

Sincerely,  
Michael Mendonca  
Lovell Recreation Director
