

## Town Of Lovell

Selectmen's meeting minutes September 22nd, 2009

Attendance- Bob Drew and Stephen Goldsmith. Larry Fox, Charlie Fowlie, Gene Spender, Ed Poloquin, Bill McCormick, Jason Ross and Scott Gardner were also present.

1. Jason Ross from HEB came in to discuss some Dam issues. He brought in a design to help pull out the trash rack and screens. They will be getting back to us.
2. Bill McCormick came in regarding a library issue. The problem appears to be that a CMP Pole needs to be removed and replaced. It will cost \$3119.00. Bill provided us with some documents signed by two selectmen in 1997 that stated the Town would incur costs for relocating the poles at a later date if needed. Steve will check with CMP as to the costs and get back to Bill with some information. Bill told us that the library wants to work with the Town on this. The contact person is John Deschenes, 647-1037 work order # 1000297358, reference # 81482.
3. The minutes were accepted with the correction of the spelling of the Coe Fund. (It was spelled Cole)
4. We discussed a possible Selectman's meeting at the Library in the future. This was tabled. Mary Heroux's number is 925-1001
5. Bob called to have the docks removed.
6. We signed the warrant.
7. Bob signed the Tree Growth Report.
8. We adjourned at 8:45 P.M.
