2. We hosted a meeting with M.D.O.T. (Peter Coughlam and Kyle Hall) also invited were Stoneham Selectmen (Rod Rovzar, Mary Fox, and Neil Littlefield) and Maine Senator D18 (Lisa Keim). The purpose of the meeting was to discuss MDOT to turn maintenance of West Stoneham Rd, to the towns of Lovell and Stoneham within each town's boundaries. We discussed road usage with the Albany South Timber Sale and the current sale of The Evergreen Valley Resort with plans of a campground and wedding function host. A 7 year delay was requested until these projects were implemented and road usage and damage could be better addressed before turnover of road liability to Lovell and Stoneham. Kyle would put off the state paving of the road until the end of the requested delay, paving had been scheduled for this summer before turn over and would be done at a later date. Peter will present our proposal to the MDOT Commissioner for the 7 year delay and will return a verdict to us.
